

IPSC Role Specific Follow Up Training – January 2026

The sessions outlined below are intended for the cohort of ‘new’ IPSCs hired in 2025 who have completed DSP Core Training and the initial IPSC Role Specific Training. These sessions are largely a repeat of information presented to previous cohorts in February 2025 (Safeguarding/A Person’s Journey), April/May 2025 (Reflective Practice/Selfcare and IF). Some updates and changes have been made to align with current process and respond to previous feedback but the overall content is largely the same.

Team Leads who have IPSCs attending are also encouraged to attend to enrich and supplement the team learning process and ensure their direction to their teams aligns with messaging front line staff are receiving in training.

Regional Hub Managers are invited to attend pending their interest and availability.
